JamOige Official Song – Time Warp

It's astounding, time is fleeting
Camping takes its toll
But listen closely,
not for very much longer
Cubs have got to keep control
I remember doing the Time Warp
Thinking those moments when
The coldness would hit me and the world
would be turning
Let's do the time warp again,
Let's do the time warp again!

CHORUS
It's just a jump to the left
And then a step to the right
Put your hands on your hips
You bring your knees in tight
But it's the pelvic roll that really drives
you insane,
Let's do the time warp again,
Let's do the time warp again!

The Grand Old Duke Of York

The grand old duke of york
He had ten thousand men
He marched them up to the top of the hill
And he marched them down again
When they were up they were up
When they were down they were down
When they were only half way up
They were neither up nor down.

Stand up and sit down when the words up and down are said.

On top of Spaghetti

O top of spaghetti, all covered in cheese
I lost my poor meat ball when somebody sneezed
It rolled off the table and onto the floor
And then my poor meat ball, rolled under the door
It rolled down the garden and under a bush
And then my poor meat ball was nothing but mush

The mush was as tasty as tasty can be
And then the next summer it grew into a tree
The tree was all covered all covered in moss
And on it grew meat balls in tomato sauce
So if you eat spaghetti all covered in cheese
Hold onto your meat balls lest somebody sneezes.

The other day I met a bear

The other day,
I met a bear (camp leader sings one line, everyone repeats line.
Up in the woods, at the end of verse everyone repeats entire verse)
Away up there

He looked at me, I looked at him
He sized up me, I sized up him
He said to me, Why don’t you run
I see you ain’t, Got any gun

And so I ran, Away from there
But right behind, Me was that bear

And then I saw, ahead of me
O glory me, A great big tree

But the nearest branch, Was ten feet up
I have to jump, and trust my luck

And so I jumped, Into the air
But I missed that branch, away up there.
Now don’t you fret, nor don’t you frown
Because I caught that branch, on my way down

That’s all there is, There ain’t no more
Unless I meet, that bear once more.

Actions: Hold right forefinger up like a candle.
2nd verse: All around the neighborhood
Move finger around in a square and back to starting point.
3rd verse: Hide it under a bushel - No!
Place cupped left hand over the "light, " then withdraw it quickly when you shout “NO!”
4th verse: Don't you "pfft" my little light out,
In saying. “pff”t . . . pretend to blow out the light.

Day is done, gone the sun
From the lakes, from the hills, from the sky
All is well, safely rest
God is nigh.

Fading light dims the sight
And a star gems the sky, gleaming bright
From afar, drawing near
Falls the night.

Thanks and praise for our days
Neath the sun, 'neath the stars', 'neath the sky'
As we go, this we know
God is nigh.
